

**Town of Northport  
Broadband Committee Purpose**

Reliable, affordable broadband service is essential in today's world. With that in mind, the goal of the Northport Board of Selectmen is to see every resident, and business, in Northport has access to reliable, affordable broadband internet service. Therefore, pursuant to the Town's Administrative Ordinance, Article IV, Section 4.06 (B), the Selectmen hereby creates a Broadband Committee for the purpose of gathering and providing information to the Board.

Purpose:

1. Appoint a Chairman, Vice-Chair and Secretary;
2. Involve the community to determine desire to have broadband throughout Northport;
3. Identify current internet providers in Northport;
4. What additional expertise may be required;
5. Document served, underserved and unserved areas of Northport;
6. Identify any actions the town may take to advance the process of broadband throughout Northport;
7. Identify pros, cons and costs related to broadband in Northport;
8. Submit minutes of meetings to the Town Office;
9. Update the Selectmen monthly, or as needed, and make a recommendation to the Board.

Any expense that may be associated with the committee must first be approved by the Select Board.
