

ZONING ORDINANCE OF THE NORTHPORt VILLAGE CORPORATION

August 20, 2000

Amended: November, 2005

Amended: January 13, 2019

Preamble

Bayside, as the Northport Village Corporation is commonly called, has had a tradition of moderate land use regulations since its beginning. At first, through the vehicle of perpetual leases issued by the Northport Wesleyan Grove Campmeeting Association, the manner of construction, use, and nature of occupation was directed by overarching and uniting goals of the community. From its beginning in 1915, the Northport Village Corporation was empowered by the State of Maine legislature to develop rules and ordinances to govern the use of the parks, waterfront, utilities, and the cottage lots within its geographic limits.

These controls were expressed in Bayside's first zoning ordinance, adopted in the late 1950s. The ordinance was rewritten in its entirety in August, 2000. The Ordinance here reflects the changes that have been recommended by the citizens and overseers as developed over a series of public workshops and meetings in 2018.

The Bayside citizens' desire to have a uniform and unified set of rules for the development of the Village and for the good of the community has been a constant guide throughout the history of Bayside. The character, architectural integrity of this unique village and the verdant beauty of the Village are all recognized by Baysiders as worthy of stewardship through moderate land use control.

Baysiders created this ordinance, but, because of the manner in which state law is written, the Town of Northport's Code Enforcement Officer enforces it. For that reason, this ordinance seeks to be clear in its expression of its goals and the obligations it imposes on the community members and the Code Enforcement Officer.

(4) No proposed change in this Ordinance which has been unfavorably acted upon by the Board of Overseers shall be considered on its merits by the Board of Overseers within two years of the date of such unfavorable action unless the adoption of the proposed change is recommended by the Board of Appeals, or two-thirds vote of the registered voters of the Northport Village Corporation at the annual meeting.

A financial hardship shall not constitute grounds for granting a Variance. The crucial points of a Variance are undue hardship and unique circumstances applying to the property. A Variance is not justified unless both elements are present in the case.

As used in this Ordinance, a Variance is authorized only for height, area, and size of Structures or size of yards. Establishment or expansion of a use or Lot otherwise prohibited shall not be allowed by Variance, nor shall a Variance be granted because of the presence of nonconformities in the District.

Citizens Note: The subdivision of land is governed by Maine State Law. Reference should be made to 30-A M.R.S.A. (Maine Revised Statutes Annotated) § 4401 for guidelines and restrictions which apply to that. In general, the division of a tract or parcel of land into three or more Lots within any five-year period is deemed to be a subdivision.

ARTICLE 3 – NON-CONFORMITY AND GRANDFATHERING

3.1 Basic Requirements

All Buildings or Structures hereinafter erected, reconstructed, altered, enlarged, or moved, and uses of premises within Bayside shall conform with the provisions of this Ordinance. No Building, Structure, Lot, land or water area located within a District shall be used for any purpose or in any manner except as permitted.

3.2 Non-Conforming Uses and Structures

Citizens' Note: Non-conformance shall not necessarily be considered illegal or unacceptable. Non-conforming Lots of Record, Structures, or uses that were in conformance with the standards in effect prior to the effective date of this Ordinance are grandfathered under this Ordinance. Any party is encouraged to read through this Ordinance and contact the Bayside Board of Overseers or the Code Enforcement Officer with any questions regarding conformance or non-conformance.

3.2.1 Continuance of Non-Conforming Uses

- (1) The use of land, Buildings or Structures, lawful at the time of adoption or subsequent amendment of this Ordinance, may continue even though such use does not presently conform to the provisions of this Ordinance.
- (2) Subject to the limitations of §3.2.3, a Non-Conforming Structure may be repaired, maintained, or improved, but the area employed in a non-conforming use may not be extended or expanded except in conformity with the provisions of this Ordinance, and the Structure may not be altered so as to become more non-conforming. Construction or enlargement of a foundation beneath the existing Structure shall not be considered an expansion of the Structure provided that the Structure and new foundation are placed such that the setback requirement is met to the greatest practical extent as determined by the Board of Appeals, the completed foundation does not extend beyond the exterior dimensions of the existing Structure, and the foundation does not increase the height of the Structure from Grade more than three additional feet and that the height of the Structure does not exceed 35 feet.
- (3) A Non-Conforming Use may not be expanded or moved unless that expansion or movement brings it into conformity or mitigates the degree of non-conformity.

3.2.2 Discontinuance of Non-Conforming Uses

A non-conforming use which is discontinued for a period of one year or more may not be thereafter resumed. The uses of the land, Building, or Structure shall

thereafter be required to conform to the provisions of this Ordinance.

3.2.3 Restoration of Non-Conforming Structures

In accordance with §3.2.1(2), if a non-conforming use, Building, or Structure is damaged by fire, explosion, flood, riot, act of God, or accident of any kind, it may be restored if the following conditions are met:

- (1) Application is made, with sufficient documentation supporting the restoration of the non-conforming Structure to Town of Northport Board of Appeals with notice to the Bayside Board of Overseers and the restoration plans otherwise conform with all laws and regulations, resulting in the issuance of all required permits; and
- (2) The Board of Appeals shall grant permission for the restoration of a non-conforming use, Building or Structure as above referenced if the restoration is essentially the same size, location, height and architectural appearance and character and use as formerly appeared.

3.2.4 Expansion of Non-Conforming Structures

A non-conforming Structure may be added to or expanded after obtaining all required permits from the same permitting authority as for a new Structure, if such addition or expansion does not increase the non-conformity of the Structure, brings it into conformity or mitigates the degree of non-conformity. For the purposes of this Ordinance, an increase to the non-conformity of a Structure shall mean:

- (1) any expansion towards a property line that decreases the existing non-conforming setback distance from the property line; or
- (2) any expansion that would increase any non-conforming Lot Coverage; or
- (3) any expansion that would cause the Structure to exceed the lesser of the height limit applicable to the Structure or the existing height of the preexisting Structure. Notwithstanding the foregoing, as set forth in §3.2.1(2) above, construction or enlargement of a foundation beneath the existing Structure shall not be considered an expansion of the Structure provided that the Structure and new foundation are placed such that the setback requirement is met to the greatest practical extent as determined by the Board of Appeals, and that the completed foundation does not extend beyond the exterior dimensions of the Structure and that the foundation does not cause the Structure to be elevated more than three additional feet.

3.2.5 Transfer of Ownership

Ownership of land and Structures which remain lawful but become non-conforming by the adoption or amendment of this Ordinance may be transferred and the new owner may continue the non-conforming uses subject to the provisions of this Ordinance.

3.2.6 Restoration of Unsafe Property

- (1) Nothing in this Ordinance shall prevent the strengthening or restoration to safe condition of any part of any Building or Structure declared unsafe by the Code Enforcement Officer or other authorized government official.
- (2) Nothing in this Ordinance shall prevent any changes in a Non-Conforming Use or Non-Conforming Structure as Federal, State, or local building and safety codes may require.

3.2.7 Non-Conforming Lots of Record

- (1) A single Lot of Record which, at the effective date of adoption or amendment of this Ordinance, does not meet the area or width requirements, or both, of the District in which it is located, may be built upon provided that such Lot shall be in separate ownership and that it is not contiguous with any other Lot in the same ownership, and that all other provisions of this Ordinance shall be met, except Lot size, Frontage, and setback. Variance of yard or other requirements, and not involving area or width, shall be obtained only by action of the Board of Appeals.
- (2) If two or more contiguous Lots or parcels are in single ownership of record at the time of adoption or amendment of this Ordinance, and if all or part of the Lots do not meet the dimensional requirements of this Ordinance, the lands involved shall be considered to be a single parcel for the purposes of this Ordinance and no portion of said parcel shall be built upon or sold which does not meet dimensional requirements of this Ordinance; nor shall any division of the parcel be made which creates any dimension or area below the requirements of this Ordinance. Because two or more contiguous Lots or parcels in single ownership of record shall be considered to be a single parcel, the Board of Overseers will endeavor to secure the issuance of one tax bill for each combined Lot.
- (3) If two or more principal Structures exist on a single Lot of Record on the effective date of this ordinance, each may be sold as a separate Lot. When such Lots are divided, each Lot thus created must be as conforming as possible to the dimensions required of this Ordinance.

ARTICLE 4 - ZONING DISTRICTS

4.1 Zoning Districts

To implement the provisions of this Ordinance, the Northport Village Corporation is hereby divided into the following four Districts:

- (1) Residential 1 District (R-1)

R-1 shall consist of the land shown on the official zoning map entitled, "Zoning Map of the Northport Village Corporation", except that that area formerly shown as in R-1 now part of the Bayside Historic District shown in Map #2, is no longer part of R-1.

- (2) Residential 2 District (R-2)
- (3) General Purpose District (GP-1)
- (4) The Bayside Historic District shown on Map #2, attached hereto and incorporated herein.

4.2 Location of Districts

Districts are located and bounded as shown on the Official Zoning Map ("Map #1"), entitled "Zoning Map of the Northport Village Corporation, Northport, Maine", dated January 28, 1978 and on file at the office of the Northport Village Corporation, and as recorded at the Waldo County Registry of Deeds, except as modified by Map #2, which removes from R-1 that land shown as lying in the Bayside Historic District. Map #1 and Map #2 are attached hereto.

4.3 Uncertainty of Boundary Location

Where uncertainty exists with respect to the boundaries of the various Districts as shown on the Official Zoning Map, the following rules shall apply:

- (1) Boundaries indicated as approximately following the center lines of streets and highways shall be construed to follow such center lines;
- (2) Boundaries indicated as approximately following well established Lot lines shall be construed as following such Lot lines;
- (3) Boundaries indicated as approximately following Bayside limits shall be construed as following Bayside limits;
- (4) Boundaries indicated as following shorelines shall be construed to follow such shorelines, and, in the event of natural change in the shoreline, shall be construed as moving with the actual shoreline;

- (5) Boundaries indicated as being parallel to or extensions of features indicated in subsections (1) through (4) shall be so construed. Distances not specifically indicated on the Official Zoning Map shall be determined by the scale of the map; and
- (6) Where physical or cultural features existing on the ground are at variance with those shown on the Official Zoning Map, or in other circumstances not covered by subsections (1) through (5) above, the Board of Appeals shall interpret the District boundaries.

Citizens' Note: Map #1 shows for illustrative purposes only the boundaries of the Northport Shoreland Zone. Citizens should consult with the Town of Northport Code Enforcement Officer to determine the actual location of that boundary.

4.4 Division of Lots by District Boundaries

- (1) Where a District boundary line divides a Lot or parcel of land of the same ownership of record at the time such line is established by adoption or amendment of this Ordinance, the regulations applicable to the less restricted portion of the Lot may be extended not more than 50 feet into the more restricted portion of the Lot, subject to the following provision:
- (2) Extensions of use shall be considered a Conditional Use, subject to approval of the Board of Appeals and in accordance with the criterion set forth in §7.10.4 entitled Factors Applicable to Conditional Uses.

ARTICLE 5 - LAND USE DISTRICT REQUIREMENTS

5.1 Residential 1 District (R-1)

5.1.1 Purpose

- (2) To stabilize and protect the essential historic characteristics of certain high density residential areas located in or near the central part of Bayside, which was formerly the Northport Wesleyan Grove Camp Meeting Association, and to promote and encourage, insofar as compatible with the intensity of land use, a suitable environment for family life.
- (3) To provide for residential growth in such a manner and at such locations as are compatible with existing development and the ability of the community to provide essential services and utilities.

- (4) To provide areas for public and semi-public uses compatible with and necessary to residential development.

5.1.2 Basic Requirements

 - (b) On Lots with access to sanitary sewers, no Structure shall be less than 10 feet from a property line nor less than 15 feet from a Building on adjacent property.
 - (c) No Building shall exceed 35 feet in height, exclusive of chimneys or ventilators.
 - (d) The minimum Lot size with access to sanitary sewers shall be 10,000 square feet, with 75 feet of road Frontage.

5.1.3 Permitted Uses

The following uses are permitted in the Residential 1 District (R-1):
