Agenda for June 5, 2024

**NEXT MEETING:** July 3?

**PRESENT:**

**AGENDA:**

- Update on recent other climate-related meetings:
- Community Climate Resilience Workshop, finalize planning
  - Meet to prep room at what time?
  - 6:00 pm: people shuffle in, get pizza, check out map
  - 6:10 pm: James (and maybe someone from MCOG?) give 10 to 15 minute introduction:
    - Define climate resilience
    - Brief history of how committee was formed/why
    - What was learned from the last survey
    - What has been accomplished so far (engineering study, repairing Shore Rd., map of vulnerabilities, beginning of website for sharing information)
    - Waldo County FEMA funding opportunity, need public input on hazards
  - 6:20 pm: breakout into tables, each with a facilitator and note-taker to work through the survey and receive community input
  - 7:30 pm: closing comments, thanks, etc
- What else do we need to do, buy, etc. to make all of the above happen?
