Meeting Minutes

- Updates:
 - Climate Action Fair debrief: Tinsley, Sue and Molly reported it went very well, lots of good conversations with neighboring towns. Was lightly attended, but active.
 - Bayside Park stabilization update: James reported on progress with Kelly Cove bids and Bayside Park pending work.
 - Town Office update: James updated re: the Town Office project – still waiting to hear from Congress.
- UMaine Capstone Project in Temple Heights: James and Tinsley met with UM students in Temple Heights. They will now work on their designs for drainage and stabilization projects and we'll hear from them in the spring.
- CRP grant for townwide stormwater survey and townwide composting at the Transfer station is submitted – we will hear in December.
- Change in location of our shared drive: Molly has set up a shared drive for our committee in the Town's G-drive. If you have trouble accessing it, please let her know.
- We decided to skip meeting in November, and meet next December 11, 10:00, Town Office.
