

Northport Climate Resilience Committee
Agenda
Thurs November 20, 2025, 3:00 pm
Northport Town Office

- Updates:
 - Change in location of our shared drive
- Discuss Solar Project, timeline, draft letter (below), funds, and use of Resilience Account
- Next steps, next meeting: Thurs Dec. 11 2025, Town Office
- Adjourn

Draft

Hi __

Thank you again for pledging __ to the Town towards a deposit on a 50 kW solar array on Beech Hill Rd. at the old salt/sand shed! This is to let you know that we now have enough for a \$10,000 deposit (!) thanks to a small group of generous and forward-thinking Northport residents.

The Select Board will open bids for installing the solar array at our next meeting (Monday, 11/24) and select which company to contract with. Once that decision is made, we'll be in a position to receive your contribution, hopefully sometime during the first two weeks of December. Checks can be made out to Town of Northport - Resilience Fund, Solar Project. We'll confirm after the Select Board meeting when we're ready to roll.

The contract we sign will be contingent on approval of the project by voters at a special Town Meeting in January. At that meeting we'll discuss and vote on a warrant to proceed with the solar project, update everyone on the Town Hall/Community Center, and will have a Q&A session about this year's revaluation, which is now underway. What else does anyone have to do in January?

Thanks for your enthusiasm, wisdom, and support -- This will be a big step forward and significant long-term savings for the Town.

From: the Northport Climate Resilience Committee: Tinsley Morrison, Pat Gladding, Sue Conard, Celine Bewsher, John Krueger, James Kossuth, Molly Schauffler
